Elite Bowl and Leisure Bowl

Elite Bowl and Leisure bowl will both be play in Birkerød in the same weekend. Therefor we will make sure that the two tournaments are clearly separated to ensure that we are never more than a 100 people gathered at any point – to comply with Danish law and even more importantly ensuring every ones safety.

Covid-19 Guidelines

Safety for all participants, spectators and officials are always our main priority – and in these troubling times this is more present than ever. This means following measures will be implemented.

It's important for us to comply with the laws and recommendations put out by the Danish government. This means the following plan for safety at the tournament is approved by the governing body for Sports in Denmark – Danmarks Idrætsforening (DIF) and our own federation for American Football, DAFF.

1. Separation of tournaments – as no more than a 100 active players can participate in the same tournament we will have to separate the two tournaments – this means that there will be a set of fields for each tournament, and a designated camp area, where the teams will stay when, they do not play or referee. On the map below, you can see the areas. There will be tape marker on the field to separate the two groups. We will kindly ask you to respect these restrictions.
2. The two tournaments official area will be in the same are – it will be clearly marked. In this area you will have to wear face mask. This Area will include sale of food and the official tent.
3. To separate the Tournaments – we will have different lunch hours in the two tournaments. Furthermore, the two Tournaments will not be allowed to visit the official area at the same time. We will handle this by having the following measures:
 - a. Elite Bowl participants will be able to visit the official area in even hours – e.g. 10:00 to 11:00 and 12:00-13:00 and it will be the opposite for Leisure Bowl participant.
 - b. There will be one or two officials for each tournament outside the official area. It will always be possible to contact them. And results can be reported directly to them.
 - c. It is also possible to report result via. Text or WhatsApp to +45 51 54 99 52.
 - d. We will post results and update standings during the tournament on our webpage – Sportmondabowl.dk to make sure you can follow the standings.
4. Up to 200 spectators are allowed – they need to keep a safe distance to each other and they need to sit down on a chair. They have to keep distance to players and staff – and not allowed in the Camp Area.
5. Lunch breaks are split into two time periods, so people in elite division cannot buy food or drinks in the leisure time slot, and of course also opposite. The period between breaks is to clean the required equipment
6. Your game ball has to be cleaned with disinfectant gel between each game
7. When going from leisure to the official area, you have to follow the indicated path.
8. In case of someone tested positive for CoVid-19 immediately after the tournament, we need names and contact information of all participants, they Will be deleted end of September.
9. Participants of a group cannot spectate games of the other group. They have to stay at Camp area, official area or locker Room, when the team is not playing.
10. Spectators have to sit at least 5 meter from sidelines and 1 meter apart from any other spectator. The spectators have to sit clearly away from any participant.
11. It is not allowed to Shake hands, give hugs etc.
12. We will bring hand sanitizer, but we will recommend everyone to bring and wear face mask when ever possible and at least in the official area. Please remember that good hygiene is keep for all of us to stay safe.

We will enforce these rules to ensure a safe tournament.

The rules are subject to change if the Danish guidelines changes.
